

Inventory of the Geological Maps of the Flemish Region 1:50.000

N° de la carte	nom de carte géologique	nom complet	geological sections					transparent overlays							number of overlays	Total number of documents	
			sheet 1	sheet 2	sheet 3	sheet 4	number of sheets	overlay 1	overlay 2	overlay 3	overlay 4	overlay 5	overlay 6	overlay 7			
7-1	Kapellen	Kapellen Essen	1-2				1	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the quaternary beds	contours of the bottom of the Merksplas Formation	contours of the bottom of the Berchem Formation				5	7
8-2	Turnhout	Turnhout Meerle	1-2-5	3-4			2	location of the observation points	isopach map of the quaternary beds	structure contour map of the top of the tertiary deposits	contours of the bottom of the Lillo and Poederlee Formations					4	7
9-3	Arendonk	Arendonk Maarle	1-2-3				1	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the quaternary beds	contours of the bottom of the Diest Formation					4	6
12-11-4-5	Oostende	Blankenberge Westkapelle Oostduinkerke Oostende	1-2-3				1	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the quaternary beds	contours of the bottom of the Merelbeke Member					4	6
13	Brugge	Brugge	1-2-3				1	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary						3	5
14	Lokeren	Lokeren	1-2-3	4			2	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary	contours of the bottom of the Asse Member					4	7
15	Antwerpen	Antwerpen	1-2	3-4-5			2	location of the observation points	contours of the top of the Tertiary deposits	isopach map of the quaternary beds	structure contour map of the top of Boom Formation, below the Tertiary coverage	contours of the base of the Boom Formation	contours of the base of the Maldegem Formation			6	9
16	Lier	Lier	1-2-3	4			2	location of the observation points	isopach map of the Quaternary	carte du relief du sommet du Tertiaire	structure contour map of the bottom of the Diest Sands					4	7
17	Mol	Mol	1-2	3			2	location of the observation points	isopach map of the Quaternary	structure contour map of the top of the Tertiary						3	6
18-10	Maaseik-Beverbeek	Maaseik-Beverbeek	1-2	3	4	Lithology of boreholes deeper than the base of the Quaternary	4	location of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Quaternary						3	8
20-19	Veurne-Roeselare	Veurne-Roeselare	1-2	3			2	location of the observation points	top of the Tertiary	isopach map of the Quaternary	contours of the bottom of the Aalbeke Member					4	7
21	Tielt	Tielt	1-2	3			2	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary	contours of the bottom of the Kortemark Member					4	7
22	Gent	Gent	1-2	3-4			2	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary	contours of the bottom of the Merelbeke Member					4	7
23	Mechelen	Mechelen	1-2-3				1	location of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Quaternary	contours of the bottom of the Asse Member and the Ursel Member					4	6
24	Aarschot	Aarschot	1-2-3-4-5				1	topography of the top of the Tertiary	map of the density of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Diest Sands					4	6
25	Hasselt	Hasselt	1-3	2	4-5		3	location of the observation points	isopach map of the Quaternary	structure contour map of the top of the Tertiary	contours of the bottom of the Diest Formation	contours of the bottom of the Bolderberg Formation	contours of the base of the Boom Formation			6	10
26	Rekem	Rekem	1	2	3		3	location of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Quaternary	contours of the bottom of the Diest Formation	contours of the bottom of the Genk Member				5	9
28-27-36	leper	Proven-leper-Ploegsteert	1	2-3			2	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary	contours of the bottom of the Aalbeke Member					4	7
29	Kortrijk	Kortrijk	1-2	3-4			2	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary	contours of the bottom of the Aalbeke Member					4	7
30	Geraardsbergen	Geraardsbergen	1-2	3			2	location of the observation points	structure contour map of the top of the tertiary deposits	isopach map of the Quaternary	contours of the bottom of the Aalbeke Member					4	7
31	Brussel	Brussel-Nivelles Bruxelles-Nivelles	1-2-3				1	location of the observation points	isopach map of the quaternary beds	contours of the bottom of the Quaternary	contours of the bottom of the Brussel (Bruxelles) Formation	contours of the bottom of the Kortrijk Formation	contours of the top of the Cretaceous	contours of the top of the Paleozoic rocks		7	9

32	Leuven	Leuven	1-2	3-4-5-6			2	location of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Quaternary				3	6
33	Sint-Truiden	Sint-Truiden	1-2	3-4			2	location of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Quaternary				3	6
34	Tongeren	Tongeren	1-2	3-4			2	location of the observation points	isopach map of the Quaternary	structure contour map of the bottom of the Quaternary	contours of the bottom of the Borgloon Formation	contours of the bottom of the Sint-Huibrechts-Hern Formation		5	8
