M3-P2

ACTIVITIES FOR GROUPS

3RD YEAR OF KINDER- GARTEN / 1ST GRADE PRIMARY SCHOOL

TAP INTO THE DESIRE FOR DISCOVERY OF YOUR YOUNGEST PUPILS with our educational activities tailored to their needs. Observing, listening, asking and doing are central to their experience of the museum and to stimulate their curiosity. In a simple and playful way, they themselves take the first steps towards knowledge about the fascinating animal world or the fascinating age of dinosaurs. They get more with their imagination!

→ You can read a description of each theme at
www.naturalsciences.be

WORKSHOPS

An active workshop with a visit in the relevant exhibition.

DURATION: 2 HOURS

15 PARTICIPANTS PER ANIMATOR

THEMES

• dinosaurs

2ND AND 3RD GRADE OF PRIMARY SCHOOL

TURN YOUR CLASS VISIT INTO A FASCINATING EXPERIENCE

full of wonder and discovery of our intriguing collections and our educational activities. These stimulate your pupils in their introduction to sciences. These engage their sense of observation and investigation and their desire to try everything out on their own. Experience it to learn it. We create a fascinating interaction between the group, the collection pieces and the guide-animator!

→ You can read a description of each theme at
www.naturalsciences.be

WORKSHOPS

An active workshop about a chosen theme, including a guided tour around the chosen exposition.

DURATION: 2 HOURS
15 PARTICIPANTS PER GUIDE

THEMES

2nd and 3rd grade:

BEHIND THE SCREENS

ARE YOU ALSO CURIOUS ABOUT WHAT LIES BEHIND CLOSED DOORS AT THE INSTITUTE?

Discover a world of nature and science in A guided tour of our collections. Walk past several unique repositories with hundreds of specimens and discover how scientists study them.

During your tour, you get to know the beautiful architecture of the Institute's buildings.

Due to the many stairs and narrow passages, this tour is not accessible for people with limited mobility.

DURATION: 75 MINUTES
MAXIMUM 12 PARTICIPANTS

Target group

from 1st grade secondary school, suitable for both youth and adults
